

## **CYIOS CORPORATION ENGAGES CICERO TRANSMACT TO ACCESS 2.5 MILLION TARGETED USER DATA BASE**

Florida – (Marketwire – April 13th, 2020) -- CYIOS Corporation (OTC: CYIO), a publicly traded strategic advisory company focused on the future of FinTech, Health & Medical Services, Crypto, Blockchain and AI is pleased to announce it has signed an agreement with Cicero Transact, an exclusive online network of members from around the world who are dedicated to forging strategic business alliances. The Cicero business platform offers a revolutionary new way to transact business with a global membership that covers industry verticals. Members gain premier access to a propriety platform allowing an inside look at high quality deal flow that includes start-ups, entrepreneurs and companies all seeking the necessary support required to enhance and execute their business models.

The transaction details are as follows: The Company will receive a total of 2,500,000 records over the next 6 months, including [listings of] C level execs, business owners, medical professionals, pharmacists and other executives - (the “Data”). In conjunction with the delivery of the Data, Cicero may provide CYIOS with advisory services, including, but not limited to, strategic marketing, digital, advertising, and social media practices, which may include the following: data cleaning, data emailing, lead generation campaigns, establishing social media presence and growth of LinkedIn, Twitter, Facebook, Instagram, and other social media as needed, social media management, setting up Google analytics, SEO for websites, evaluating web presence to improve online branding, building brand identity and awareness, email marketing including targeted email campaigns, content marketing strategy including thought leadership articles, digital advertising management, and website design and development.

Mr. David Greene, CEO of CYIOS commented, “Access to such a large volume of contact data and social media support for our partner companies provides a substantial advantage in our efforts to distribute news, services, products and gain deal flow. With the Data, CYIOS is able to offer services to its partner companies at no cost and help underwrite the future success of those companies. Utilizing the substantial Cicero network will allow CYIOS to have an established database of 2.5 million specifically targeted contacts and provide the opportunity to reach our future demographic on a massive scale. Building such a dedicated network of contacts and data would take years and substantial resources. The timing of this agreement perfectly coincides with the recent announcement of our intent to acquire ChoiceWellness, Inc. We are in the final stage of launching a new online retail store for consumers to purchase the current suite of DR’s CHOICE health and wellness products.

Mr. Michael Woloshin, CEO of Cicero Transact stated, “We are committed to supporting early stage companies and offering an exclusive online community dedicated to forging strategic business alliances. As a member in our community, CYIOS has premier access to our user-friendly platform allowing an inside look at high-quality deal flow that includes start-ups, entrepreneurs and companies all seeking the necessary support required to enhance and execute their business models. With 2.5 million targeted individual data records, we are confident our platform and tools will be very useful for CYIOS to build market share and help establish themselves as a leader in their field.”

Mr. Green also stated, “targets in the health and wellness markets and potential customers in such as medical practitioners, pharmacies, health industry professionals, government and hospitals are a huge benefit to both CYIOS and our ChoiceWellness brands. Cicero not only provides CYIOS access to a substantial database, but it will work with CYIOS and its partners to assist in developing and ongoing deal flow network and strategies. Cicero will work closely with CYIOS to establish or assist with their core business objectives and lead generation campaigns. Cicero’s established backbone of technology, human resources and established process and procedures to generate business lead flow is important to making sure our partners have the best opportunity to be successful.”

**FORWARD-LOOKING STATEMENTS:** This release contains "forward-looking statements." Forward-looking statements also may be included in other publicly available documents issued by the Company and in oral statements made by our officers and representatives from time to time. These forward-looking statements are intended to provide management's current expectations or plans for our future operating and financial performance, based on assumptions currently believed to be valid. They can be identified by the use of words such as "anticipate," "intend," "plan," "goal," "seek," "believe," "project," "estimate," "expect," "strategy," "future," "likely," "may," "should," "would," "could," "will" and other words of similar meaning in connection with a discussion of future operating or financial performance.

Examples of forward-looking statements include, among others, statements relating to future sales, earnings, cash flows, results of operations, uses of cash and other measures of financial performance.

Because forward-looking statements relate to the future, they are subject to inherent risks, uncertainties and other factors that may cause the Company's actual results and financial condition to differ materially from those expressed or implied in the forward-looking statements. Such risks, uncertainties and other factors include, among others such as, but not limited to economic conditions, changes in the laws or regulations, demand for products and services of the company, the effects of competition and other factors that could cause actual results to differ materially from those projected or represented in the forward-looking statements. Any forward-looking information provided in this release should be considered with these factors in mind. We assume no obligation to update any forward-looking statements contained in this report.
